

FLOW BLUE INTERNATIONAL COLLECTORS' CLUB
Interim Meeting via Internet
March 26, 2020

Janet Guthridge, President, notified the Board that Joyce Murden and Jon Houserman of the Convention Committee had held a conference call with the manager of the Hilton Memphis hotel to discuss the convention scheduled for July 9-12, 2020. They discussed what the options would be for cancellation of the contract in light of the coronavirus pandemic. The hotel's position is that only contracts for events scheduled prior to May 31 will be cancelled without penalty. However, if the club would reschedule the convention, there would not be any penalties and the terms of the contract would remain the same. The committee agreed that the reasonable solution was to accept the hotel's offer to reschedule the convention for July 13-16, 2022.

Christine Waller moved that we cancel the 2020 Memphis convention contract and accept the hotel's offer to reschedule the convention to July 2022 in Memphis. Judy Boyer seconded the motion. The motion carried.

Once the amendment to the contract has been signed by the hotel management and Janet, announcements will be made on the website, via email or regular mail and in the BBN to the members.

Respectfully submitted,
Laurel Provine, Secretary
